Rhyming words are words that end with the same sound, like “rhyme” and “time.” They’re fun to say, and they’re often used in poems or songs.

Think of some words that rhyme with:

Plum

Drum

Band

Play

What are some other words that rhyme?

Jam & Shazam
Follow these steps to make your own instrument:

1) Use markers, crayons, or pencils to make lines, shapes, colors, and patterns in the rectangle above.

2) Get an adult to help you cut along the dotted line.

3) Roll the rectangle from right to left to make a strong tube and tape the paper along the seam.

4) Fold one end of the tube and tape it in place.

5) Pour some dried beans, lentils, peas, or rice into the tube.

6) Fold the other end of the tube up and tape it so the beans, peas, or rice won’t spill out.

Experiment with different types of beans and fillings to see how your shakers sound different!
If you could invent a new instrument, what would it look like? What sound would it make? **Draw it in the space below.**
